

Zoodles

Play Zoodles at Your Local Library!

Zoodles is partnering with families and librarians around the country to give kids a fun afterschool learning activity at their local library. Get Zoodles at your library today!

What is Zoodles?

Zoodles is a free service for kids 8 and under that finds all the best educational content online and puts it in a safe virtual playground that adapts to their age & skill level.

Features

- Designed for learning
- Aligned with state and national standards
- Protects the computer from harm
- Children can play safely and independently
- Hundreds of fun, educational games
- Best of all, Zoodles is 100% free!

Optional Premium features include adblocking, violence filtering, academic subject focus, play timers, & the ability to add outside content.

Free & Easy to Set Up!

1. Create an account at [Zoodles.com](http://www.zoodles.com)
2. Create six different children, one for every age from 3 - 8. Now, any time a child wants to play on Zoodles, they can choose a playground that is just right for their age!
3. Install Zoodles on as many computers as you want by following the steps at <http://www.zoodles.com/install>

Every participating library gets a year of free Premium!
